***Before choosing a cosmetic surgeon, investigate the experience, board certification, results, facility, and accreditation. Ask to see “before” and “after” photographs of their patients and visit the operating rooms.***

**WHAT MAKES US UNIQUE?**

**Experience:** Straith Clinic, founded in Detroit in the early 1930's, has more than seventy years of continuous experience in cosmetic surgery, more than any facility in southeast Michigan.

**Accreditation:** Our facility, which includes two operating rooms, is accredited. At Straith Clinic, our patients safety is of utmost importance. Since 1990 we have voluntarily undergone an in-depth and rigorous review by the *Accreditation Association for Ambulatory Health Care (AAAHC)* to evaluate our structure, services, and activities.

We have been awarded unconditional accreditation at each review. This accreditation ensures that each patient receives the highest level of quality care.

**Trained Staff:** We have a support staff of over twenty employees many with more than ten years of employment with Straith Clinic.

**Results:** View hundreds of our “before” and after” photographs and review testimonials from our former patients.

**Costs:** The consultation with a plastic surgeon is free. The procedures are surprisingly affordable and financing is available.

**Appointments** are available: Mon., Tues., Wed., Fri., & Sat. We are closed on Thursday.

***Come and visit our facility, including our operating rooms!***

**Facial Procedures:** Face, Neck & Eyelid Lifts • Mini Lifts Brow • lifts • Nose Reshaping • Protruding Ears • Botox® Cosmetic • Soft tissue fillers Radiesse® and Restylane®

**Non Surgical Skin Treatments:** Micro-dermabrasion & Chemical Peels • Intense Pulse light (IPL) • Skin Care • Laser Hair Removal

**Breast Contouring:** Breast Implants & Uplifts • Breast Reductions • Male breast reduction

**Body Contouring:** Liposuction • Tummy Tucks • Post Weight-loss body contouring.
